Principals Message - Mrs. Bahia Almir

I would like to extend a warm welcome to our families and wider community to the start of Term 2. Students have begun engaging in their new teaching and learning sequences and demonstrating their skills which will be recorded in the end of term school report.

This week a lot of our families celebrated Eid Al- Fitar, which marked the end of the holy month of Ramadan. We hope our families had a lovely and restful time with their extended relatives.

Naplan Testing

Ms. Amara Issa & Ms. Souha Malek

NAPLAN Online, for years 3 and 5 students, commences on Tuesday 10th May and ends on Friday 20th May. The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual assessment for all students in Years 3, 5, 7 and 9. These tests assess the type of skills that are essential for every child to progress through school and life. The skills that will be covered include reading, writing, spelling, grammar and punctuation, and numeracy.

The public demonstration site offers demonstration tests covering a sample of possible questions and do not reflect the range of literacy and numeracy content or skills NAPLAN Online will assess. It is helpful for students to become familiar and comfortable with the format of the online tests. The link below takes you straight into the public demonstration site-
